The PBA Workers' Compensation Program is available exclusively to members of the Pennsylvania Builders Association, as well as associations with whom the PBA has distribution agreements. The following associations have been granted access to the PBA Workers' Compensation Program: **Maryland - Home Builders Association of Maryland, Frederick County Builders Association, and New Jersey - Builders League of South Jersey.**

These associations are the voice of the building and construction industry with a membership composed of industry leaders, builders, remodelers, developers, general contractors, subcontractors, suppliers, engineers, architects, designers, legislators, and associated businesses, professional services and community partners. Membership is affordable and well worth your investment. The fee will vary based on your business classification and size.

Whether your business is small or large, joining a trade association will help you grow your business and reduce your day-to-day business costs. Membership benefits you and your business in many ways:

- Credibility and Increased Recognition
- Networking
- Training and Education
- Industry News and Intelligence
- Advertising & Sponsorship Opportunities
- Advocacy and Legislative Focus
- Discount Purchasing Programs
- **Access to the PBA Workers' Compensation Program**
